## LAST TIME ON MONSTER CLUB ARCADE

After losing, Dragen caused quite the speculation warning Cardz and the rest of the audience for events happening behind the scenes of it all. But don't have all public places camera systems installed these days, Dragen?

As Cardz competed against Dragen the controversial rules of the tournament became more and more clear. The games outside of the games were not to be taken lightly so it seemed.

Winning the game against the Australian champion secured Cardz his attendance in the next rounds. However there has been no sign of Anxious her friend who's game is about to begin.

Will Pink make it in time to secure his place in the tournament?

THE STORY CONTINUES NOW...

He's got some pretty strong monsters on the board.

Oh come on, Cardz...

You should know better than that!

But don't  
forget who  
he is up  
against.

That's  
the world  
champion,  
Janice.  
She uses her  
own name  
because  
everyone  
knows who  
she is...

She's  
rocking a  
Corporation  
cap too!

She's  
also no  
joke for  
sure!

Dweller Mage allows me to play a Power Card from my deck...

Which allows me to exchange my Dweller Mage for any monster in my hand!

Uh...

And since it's  
my turn now,  
I destroy  
this Combo  
Dragon...

And by playing Shimmering Strike to my Guardian...

!  
I destroy  
all of your  
remaining  
monsters  
!

**\*BAAM\***

**\*BOOOM\***

No.  
Freakin'.  
Way.

Good  
game,  
Turns!

Look closely  
Cardz,  
because you  
might end  
up playing  
against  
Janice in  
the next  
round.

By the way! I gotta go look for Pink now!

His game is starting in a few minutes and he's nowhere to be seen!

The winner of this game is Janice!

She's already gone?

Must've won a game or two too many...

!  
I'M  
HERE  
!

!  
JUST IN  
TIME  
MR. PINK  
ENTERS  
THE  
BOARD  
!

OOoOhyeah!

!  
MADE IT  
!

Hi.

But ...

The champion?

You guys are making me play against Janice in the preliminary rounds?!

That ain't fair!

The games were chosen randomly, mr. Pink.

And it is decided!

Pink VS. our  
unknows  
contestant!

I suggest  
ladies first!

Agreed upon!

I play Nereidya Of The  
Sea in my center position.

And to her  
right I play  
a face down  
monster card.

That ends my turn.

To attack  
your face  
down  
card...

I play Lizard  
Soldier!

THERE HE

... COMES?

At least now  
I know what  
you're up to.

And with  
these two  
cards I'm  
going to  
take the  
chance.

The Witch Of  
The Night!

And I  
enhance her  
with Fruit  
Of Trickery  
to attack  
your sea  
monster!

The camera system recognises the face up cards in play and sends signals to the board.

The table, which is actually a giant display, shows the corresponding monsters on its surface. The glass panels reflect this in midair.

It appears we perceive the table as a regular table because it has been enhanced with some sort of privacy film.

The Army's  
Greatest Force!

Attack  
the face  
down  
monster  
!

And  
with  
my  
witch  
...

...I destroy your  
Quicker Cat!

Three down.  
One to go!

No way!

is she  
losing?

It appears to  
be my turn.

Turtles! To my left!

He destroys  
the top  
card of  
your deck...

...and since it's a monster card...

...it's an easy kill!

Ouch!

And to my right I play Dweller Mage who can pull a power card from my deck.

I choose Return From The Grave to return my Combo Dragon from my grave...

...to instantly destroy it to play the Dragon Of The Shimmering!

I play **Select & Destroy** to my **Dweller mage** to destroy your witch's score increasing **Fruit Of Trickery**.

And with **Shimmering Strike** I destroy both your monsters at once!

And by that...

...I end  
this game.

Our  
unnamed  
contes-  
tant is the  
winner of  
the game!

...

You lost against the world champion!

How could I have been so stupid ...

There's really nothing to be ashamed of!

...

Yeah it sucks not making it to the next rounds.

You are probably right but it still sucks...

But thanks  
for the kind  
words...

My name is...

*!PITIIINK!*

YOU  
ARE  
LATE  
AGAIN  
!

**YOUR GAME IS ABOUT  
TO BEGIN AND I  
HAVE BEEN LOOKING  
E-VE-RY-WHERE  
FOR YOU AND IF YOU  
DON'T HURRY  
UP YOU'LL BE  
DISQUALIFIED FOR NOT  
SHOWING UP AND YOU ARE  
HERE HAVING CHITCHATS  
HURRY HURRY HURRY!!!**

Pink actually just lost...

...

Oh Pink! I'm so sorry!

No probs  
Anxious...  
Could you  
please put  
me down  
now?

It's  
all  
good.

There's a  
little too  
much allowed  
in this tour-  
nament if  
you'd ask me.

Pink had to  
oppose Janice  
who seems  
to be parti-  
cipating twice  
...

Ladies  
&  
gentlemen!

The  
Monster  
Club  
Corporation  
congratulates  
today's  
victors.

hmm...

The Arcade  
will now  
close until  
8:00 p.m.

Then we will continue our  
quest for the true victor!

The new  
champion...

To be continued...
